PRINTING

BY

MODERN METHODS.

If you want a tastefully printed Catalogue, a nice business card, invitation card, or any kind of card; if you want an artistic letter head or commercial printing of any description; you can't do better than give us a trial. We do the kind of printing that brings business, and remember that good printing is cheaper than the other kind.

If you want a nice colour job we can do it for you

By LITHOGRAPHIC

OR

A NEW LINE FOR LABEL USERS.

THACKER'S

UNGUMMED ADHESIVE PAPER

FOR LABELS Etc.

ALL users of labels have found difficulty in keeping gummed labels in India from sticking together into a solid block, and ungummed labels are messy, inconvenient and time wasting. To avoid these disadvantages we have perfected an ungummed paper which will print well and will stick to glass or other smooth surfaces by simply wetting. It does not curl, will not stick together even in the wettest weather, and will print type, halftone or three-color blocks perfectly, and lithograph in colors equally well.

TRY IT FOR YOUR NEXT LOT OF LABELS.

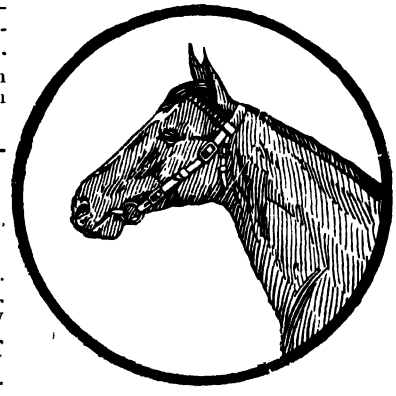
THE BEST BOOKS FOR HORSE-OWNERS IN INDIA.



INDIAN HORSE NOTES. An Epitome of Useful Information arranged for ready reference. By **Major C—** Seventh Edition. Thoroughly Revised and brought up-to-date by an Officer of the Civil Veterinary Department. Rs. 2.

¶ It contains all information that horse-owners in India can possibly require, and yet is so small and light that it can easily be carried in the pocket.

¶ Its arrangement is unique: nomenclature of diseases, symptoms and remedies being arranged in parallel columns.

¶ It is written in non-technical language.

¶ The remedies and treatment advised are in all cases simple and reliable.

VETERINARY NOTES FOR HORSE-OWNERS. An Illustrated Manual of Horse Medicine and Surgery, written in simple language, with 271 Illustrations. By **Capt. HORACE HAYES.** Seventh Edition, Revised throughout, considerably Enlarged, and 121 new and original Photographs added. Large Crown 8vo, buckram. Rs. 132.

POINTS OF THE HORSE. A Treatise on the Conformation, Movements, Breeds and Evolution of the Horse with 658 Illustrations. By **Capt. HORACE HAYES.** Third Edition, Revised and Enlarged, and 279 Illustrations added. Super-royal 8vo, gilt top. Rs. 25-8.

RIDING AND HUNTING. Fully Illustrated with upwards of 250 Reproductions of Photographs and Drawings. By **Capt. HORACE HAYES.** In 1 vol., demy 8vo, cloth. Rs. 11.

"Capt. Hayes has produced a book which cannot fail to interest, if not to instruct, the experienced horseman and the beginner may learn from its pages practically all that it is necessary for him to know." —*The World.*

RIDING FOR LADIES WITH HINTS ON THE STABLE. A Lady's Horse Book. By **Mrs. POWER O'DONOGHUE.** With Illustrations by **A. CHANTRY CORBOULD.** Elegantly printed and bound. Imp 16mo, gilt. Entirely New and Revised Edition. Rs. 7-8.

"Mrs. Power O'Donoghue (more power to her—not that she wants it) shows no sign of 'falling off'! Indeed she shows her readers how to become riders, and to stick on gracefully. She sketches her pupils 'in their habits as they ride,' and gives them a bit of her mind about bits, and tells them about spurs on the spur of the moment."—*Punch.*

THE HORSEWOMAN. A Practical Guide to Side Saddle Riding. By **Mrs. HAYES.** Edited by **Capt. M. H. HAYES.** Second Edition, Re-written, Enlarged, and with about 150 new and original Photographic Illustrations added. 1 vol., demy 8vo. Rs. 10-8.

STABLE MANAGEMENT AND EXERCISE. A book for Horse-Owners and Students. By **Capt. HORACE HAYES.** Illustrated by numerous Reproductions of Photographs. In 1 vol., demy 8vo. Rs. 10-8.

ILLUSTRATED HORSE-BREAKING. Third Edition, Revised and Enlarged. By **Capt. HORACE HAYES.** Demy 8vo. Rs. 10-8.

"It is a characteristic of all Capt. Hayes' books on horses that they are eminently practical, and the present one is no exception to the rule. A work which is entitled to high praise as being far and away the best reasoned out one on breaking under a new system we have seen."—*The Field.*

NOTES ON STABLE MANAGEMENT. By **Vety. Capt. J. A. NUNN, F.R.C.V.S., C.I.E., D.S.O.** Second Edition, Revised and Enlarged. With Glossary of Hindustani Words. Crown 8vo, boards. Re. 1.

HORSE-BREEDING AND REARING IN INDIA. With Notes on Training for the Flat, and Across Country, and on Purchase, Breaking-in, and General Management. By **Major JOHN HUMFREY, B.S.C., F.Z.S.** Crown 8vo. cloth. Rs. 3-8.

GUIDE TO EXAMINATION OF HORSES FOR SOUNDNESS FOR STUDENTS AND BEGINNERS. By **J. MOORE, F.R.C.V.S.,** Army Vety. Dept., Vety. Officer, Remount Depôt, Calcutta. F'cap 8vo, limp cloth. Re. 1.

Rule.—The articles mentioned below are to be measured before shipment, at the Press Godown, or on the Beach, at the option of the shipper, and the measurement is to be entered on the face of the Bill of Lading. In measuring, the callipers are to take in the rope, or iron-hoop, on the one side of the bale, and leave it out on the other. Half inches are to be given and taken alternately. Ten bales per cwt., as a maximum, are to be measured, moiety to be chosen by the shipper and moiety by the ship; and in the event of any dispute arising, the bales are to be measured by a Surveyor to be appointed by the Chamber of Commerce. The Surveyor's decision to be final, and his fee to be five rupees, one half to be borne by each party. All other goods to be measured at the port of discharge:—

Coir in bales, Cotton, Ganja, Hemp, Jute, Munjeet, Senna Leaf, Wood and Sarsaparilla.

THE INDIAN FIELD SHIKAR BOOK.

By W. S. BURKE.

Late Editor and Proprietor of "The Indian Field".

CONTENTS:

Big Game Records of Trophies.—Local names, habitat, description, measurements, &c.

Land and Water Game Birds.—Local names, habitat, description, measurements, weights, colouration, &c.

Fish.—River, estuarial and tank, tackle, baits, seasons, local names, weights, measurements, description, &c.

Camp Equipment, Guns, Rifles and Ammunition, Dâk Bungalows, Shikar Wrinkles, latest Game Laws and Regulations for all the sporting districts of India, Game Registers in separate pocket (refills available), and much miscellaneous sporting information.

Game Register.—Printed separately and enclosed in a pocket in the cover.

*** Game Register Refills can be bought at As. 6 each.

"It has hitherto been impossible for a Sportsman to obtain in concise form the vast amount of information that is almost indispensably necessary to make a hunting trip in India enjoyable. To shoot a bird and not know its name—to enter a strange territory in ignorance of its game laws are two minor troubles sufficiently irritating, but all too common and which are obviated by 'The Indian Field Shikar Book'. In the same way, and always within the handy compass of a pocket book, is given a mass of useful information on such subjects as Camp Equipment, Rifles, Guns and Ammunition, Routes to Shooting Grounds, Descriptions of Large and Small Game, their habits, &c., &c. Seated in his library the Sportsman will enjoy the works of Jerdon, Blanford, Oates, Baker, Kinloch, Bevan, Day, Sanderson, Shakespear, &c., and glean instruction and entertainment from their excellent material. But while actually engaged on his expedition, the 'Indian Field Shikar Book' will supply all his needs and prove of inestimable service on all occasions with the mine of information contained within its cover."

TONNAGE SCALE AT BOMBAY—NEW SCALE.

At a General Meeting of the Bombay Chamber of Commerce, held on 20th July 1883, the following Resolution was passed :—

"That Rule I prefixed to the Tonnage Scale be cancelled, and the following rule be substituted :—That the Tonnage Scale for steamers shall be on the basis of 40 cubic feet to the ton, but in no case to exceed 20 cwts. deadweight.

The Tonnage Scale of the Bombay Chamber of Commerce up to 1901 consisted of three columns, namely, in the first column "Steamers, old scale," as established under the rules adopted at the General Meeting held on 8th October 1872, and under Rules II and III adopted at the General Meeting held on the 22nd July 1881 : and in the second column, "Steamers, new scale," as established under the rules adopted at the General Meeting held on 20th July 1883, together with the Rules II and III of 1881 aforesaid ; and in the third column, "Ships," as adopted at the General Meeting held on the 6th June 1856. Under the aforesaid Rules II and III of 1881, various alterations of, and additions to, the tonnage scale had been made from time to time, but the entering of such alterations and additions on the new Scale was not accompanied by removal of the original entry on the old scale. It was, therefore, resolved at the Annual General Meeting held on 12th March 1902, "that the following rates of tonnage hitherto shown upon the old scale, and which are hereby declared obsolete and void, be entirely deleted from the Tonnage Scale :—Bajree in bags, 16 cwts. ; Coffee in bags or Frazils, 12 cwts. ; Copra in robbins, 8 cwts. ; Gram in bags, 15 cwts. ; Jowari in bags, 16 cwts. ; Lang in bags, 16 cwts. ; Mowra flowers, 16 cwts. ; Mussur in bags, 16 cwts. ; Teel or Gingelly seed, 14 cwts. ; Rape seed, 14 cwts. ; Mustard seed, 14 cwts. ; Rice in bags, 16 cwts. ; Salpetre, 16 cwts. ; Wheat, 16 cwts. "

* At the Annual General Meeting held on 3rd March 1909, it was resolved that the footnote to the item Crushed Myrabollams in the Chamber's Tonnage Scale be amended to read as follows :—

This standard is for guidance only. In case of disagreement, either shipper or steamer may claim survey by the Chamber, which may fix any scale based on the standard. A Survey fee of Rs. 30 shall be paid on submission of the case.

RULES AND REGULATIONS *for the measurement for tonnage of Cotton and other goods in bales or packages under the orders of the Bombay Chamber of Commerce. Adopted at a General Meeting of the Chamber, held on 6th March 1901.*

I. Whereas it is expedient to collate and amend the Rules and Regulations for the measurement of goods.

II. All such Rules and Regulations hitherto in force are hereby rescinded and the following are substituted therefor with effect from the 1st April 1901.

III. In the following Rules and Regulations and in any Orders that may from time to time be issued by the General Committee of the Chamber of Commerce under Rule XVII—

(*a*) Measurer shall mean a measurer appointed by the Committee of the Chamber of Commerce for the purposes of these Rules.

(*b*) Measurement shall mean a measurement by such measurer.

(*c*) Shipper shall mean the person shipping the goods or his representative.

(*d*) Quay shall mean a place in the Docks or at one of the Bunders recognised for the regular shipment of goods.

(*e*) Vessel shall mean a vessel propelled by sail or steam and not being used for the conveyance of goods from the Quay to another vessel, in the Port of Bombay.

(*f*) Boat shall mean a vessel, lighter or craft used for the conveyance of goods from the Quay to a vessel in the Port of Bombay.

(*g*) Packages shall mean a bale, case, barrel, cask, bag or other receptacle subject to measurement.

(*h*) Consignment shall mean the whole quantity of one commodity subject to measurement to be shipped by one shipper in one vessel.

(*i*) Lot shall mean a package or number of packages forming part of a consignment and presented by one shipper at one time for measurement.

IV. Public Measurers shall be appointed under the authority of the Chamber of Commerce and stationed at the different Quays to measure packages.

V. Fees, the amount of which shall from time to time be fixed under the Orders of the General Committee of the Chamber of Commerce, shall be levied in accordance with such Orders on all goods presented for measurement.

VI. No measurements shall be held good except such as are taken by a Measurer and with instruments bearing the stamp of the Chamber of Commerce.

VII. Such instruments shall be supplied and issued to the Measurers by the Chamber of Commerce.

VIII. All instruments shall be submitted to the Secretary of the Chamber of Commerce at intervals to be prescribed by the Committee and a register of such inspections shall be kept.

IX. Measurers shall be responsible for the good order of their instruments and for the prompt return to the Secretary of the Chamber of such as are defective or doubtful.

X. The Chamber's stamp borne by instruments that are found by the Secretary to be defective shall be by him defaced.

XI. Instruments on which the Chamber's stamp has been defaced may be re-stamped under the directions of the Secretary when they are in good order.

XII. Certificates of measurement shall be issued to shippers and or to Ship's Agents in such form and in such manner as the Committee for the time being shall from time to time provide.

XIII. Provided always that the Measurer may withhold or recall such certificate on his having reasonable cause to believe that an irregularity in the matter of shipment has been or is being committed in respect of the goods to which such certificate relates.

XIV. The goods measured shall be alongside the vessel within thirty-six hours after measurement, weather permitting, or the certificate shall be void and the packages shall be re-measured on board, written notice being given by the owner, agent, or master of the ship to the Shipper and to the Measurer respectively.

XV. Shippers shall as far as possible see that their goods are so arranged for measurement as not to retard the work of the Measurers.

XVI. The salaries of the Measurers and all other expenses connected with this system of measurement shall be paid by the Chamber of Commerce from the Fee Fund raised under these Rules.

XVII. The Committee of the Chamber of Commerce are hereby authorzied to appoint and maintain such staff of Measurers and assistants, to fix and to pay such salaries to that staff, to fix and to collect such fees, to issue and from time to time to modify such orders, and to do all other such acts and things as may in their opinion be necessary for the proper and economical working of the system in conformity with the general principles herein laid down.

ORDERS FOR THE CONDUCT OF MEASUREMENT OF GOODS FOR TONNAGE BY PUBLIC MEASURERS IN THE PORT OF BOMBAY. *Issued by the Committee of the Bombay Chamber of Commerce in pursuance of Section XVII of the Rules and Regulations adopted at a General Meeting of the Chamber held on the 6th March 1901.*

(1) All Orders hitherto in force for the governance of Measurers are hereby rescinded and the following are instituted with effect from the 1st April 1901.

(2) The Measurers shall be in attendance on the Quays to which they are appointed whenever there are goods to be measured. During the busy season Measurers are expected to be on duty early and late.

(3) All Measurement Fees shall be paid to the Measurement Fee Clerk, and no goods shall be measured without the production of the Custom House Pass bearing the endorsement of the said clerk to the effect that the fees have been paid.

(4) The certificates of measurement issued in conformity with Rule XII shall show—
(*a*) the date, hour, and place of measurement;
(*b*) the name of the shipper;
(*c*) the name of the vessel;
(*d*) the port of destination;
(*e*) the number and description of packages;
(*f*) the marks;
(*g*) the measurement;
and in the case of goods shipped by boats;
(*h*) the registered number of the boat;
(*i*) the name of the tindal.

The certificates of measurements shall be issued by the Measurers and shall in every case be signed by the Measurer who measured the goods. One copy only of each certificate shall be issued and such single copy shall be handed to the shipper.

(5) The whole of the packages forming a consignment of not more than thirty-two packages must be deposited on the Quay before measurement is taken.

(6) Consignments of more than thirty-two packages may be presented for measurement in lots of not less than thirty-two packages provided always that each lot, as soon as it is measured, is loaded into boats or shipped and that no unmeasured lot is mixed with a measured lot. Provided also that a final lot of less than thirty-two packages, being the complement of a consignment of more than thirty-two packages, may be measured separately.

(7) Shippers failing to have each lot as soon as measured loaded into boats or shipped; or shippers mixing unmeasured goods with measured goods or permitting them to be mixed; or shippers retarding the work of the Department by failing to move with reasonable promptitude the bales required by the Measurer to be moved for the proper performance of his duties; or shippers attempting to elude these regulations, any such persons or their representatives may be required by the Measurer to deposit on the Quay the whole complement of their consignment before measurement is taken. In all cases when such requisition is made, the Measurer making it shall briefly report in writing to the Secretary the name of the shipper against whom the goods in respect of which, and the reason for which it has been made.

(8) Measurer withholding or recalling a certificate under Section XIII of the Rules and Regulations adopted on the 6th March 1901 shall likewise briefly report to the Secretary in writing.

(9) No goods shall be measured otherwise than on a Quay excepting under the special conditions contemplated under Rule XIV and Order 22.

(10) Each and every package in a lot of packages not of uniform dimensions shall be measured individually. This Rule shall not apply to lots of pressed bales from various presses if the shipper arrange such diverse bales according to their respective dimensions separately on the Quay.

(11) In regard to packages of uniform dimensions, the Measurer shall use his judgment as to the proportion of such goods he should measure; but such proportion shall in no case be less than five per centum of each lot. Care must be taken by the Measurers that they are not induced to measure packages that do not fairly represent the average.

(12) In no case shall a shipper's man or men be allowed to put the calipers on a package. A peon of the Chamber holding the calipers may, when standing exactly in front, pull them tight with his hands, but not when standing on one side, nor shall he ever be allowed to pull the calipers towards his chest or side or to put his shoulder to them.

(13) In measurement for length, care must be taken that the legs of the calipers touch the ground, and that bales when being measured lie in the same position as when in the press. Measurement of bales for depth and breadth shall be taken on the ends, half the number of bales being measured on the marked end and half on the other end.

(14) Measurers when measuring pressed bales shall ascertain whether all are from one press or not, and under orders (10) and (11) of these orders shall further ascertain how many bales there are from each press and shall give measurement accordingly and show on the certificate the number of bales to which each measurement relates.

(15) In cases where the shipper shall hand to the Mearsurer a letter from the owner, agent or master of the vessels authorizing the Measurer to accept for measurement and calculation of average such packages as the said shipper may reserve for such measurement, the Measurer shall measure the packages so reserved and give certificate on the basis of their mesurement, provided that such packages represent not less than five per centum of the entire consignment.

(16) The scale of measurement fees leviable under Rules V and XVII shall be as follows:—

(*a*) On Cotton, Wool, Hemp, Aloe. Fibre, Twist (white and coloured), Rags, and waste in pressed bales, pies 3 per bale.
(*b*) On Round Timber or logs, each annas 8.
(*c*) On Gunny bales from Calcutta, Hides and Skins, Piece-goods, and all goods not included under (*a* & *b*) in packges of diverse dimensions, anna 1 per package. Subject to a rebate of pies 9 per package on the Measurer's certifying that the lot measured consisted of not less than 32 packages all of uniform dimensions.
(*d*) On goods of any description measured on board a vessel, anna 1 per package.
(*e*) When the work of the Department admits of such an arrangement, the exclusive services of a Measurer for a day may be secured on payment to the Secretary of a fee of Rs. 10.
(*f*) The attendance of a Measurer on a Sunday or one of the Charter-Party Holidays when the Docks are closed may be secured on application to the Secretary, accompanied by the sum of Rs. 15, which shall be paid by him to the Measurer appointed by him to attend. The fee of Rs. 15 shall cover the services of one Measurer for one ship. If two Measurers are applied for two fees of Rs. 15 must be paid at time of application. If a Measurer is required to work on more than one steamer a separate fee of Rs. 15 must be paid in respect of each steamer.
(*g*) The attendance of a Measurer for night duty may be secured in the same manner as above.

(17) All disputes as to the applicability of order 16 (*d*) under Rule XIV shall be referred to the Weather Working Days Committee of the Chamber and the decision of that Committee shall be final. With respect to Order 16 (*d*) a refund of pies 6 per package will be made on declaration of the said Committee, remitted on the invitation of the Claimant that the state of the weather during the thirty-six hours of grace allowed had been such as to justify the shipper's delay in bringing the goods alongside.

(18) Refund of Measurement Fees in full shall be made in respect of consignment or portion of a consignment shut out after measurement.

(19) In respect of Round Timber and Logs, the measurement to be certified, in accordance with Order 4 (*g*), shall be as follows:—

Length in feet and inches: As found with tape.
Breadth: The mean of two measurements taken with caliper at thickest and thinnest portions.
Depth: The mean of two measurements taken with caliper at thickest and thinnest portions.

The certificate shall also show under Order 4 (*a*) not only the time at which the work of measurement was commenced, but the time at which it was completed. On application to the Secretary, supported by evidence of time as here provided, Refund will be made of the difference between the fee as prescribed under Order 16 (*b*) and a charge of Rupees Two for every hour or part of an hour actually occupied in measurement.

(20) Refund of Measurement Fees shall not be made for any sum less than one Rupee.

(21) All claims for Refund of Measurement Fees shall be made to the Secretary of the Chamber of Commerce, who shall allow or disallow such claims in conformity with these Orders, but no claim for Refund of Measurement Fees shall be allowed unless presented within one month from the date of the sailing of the vessel concerned.

(22) Each Measurer shall keep a Dispute Book and it shall be competent for any shipper or the owner, agent or master of a vessel who disputes the correctness of a measurement given in respect of goods being shipped by him to call for the said Dispute Book, which the Measurer shall produce at once, and to enter therein a claim to have the goods in question or any portion of them remeasured. And on the said shippers or the owner, agent or master of a vessel depositing with the Measurer the sum of annas 2 for each package to be remeasured, the Measurer shall at once remeasure such package or packages in such a manner that the shipper or the owner, agent or master of a vessel can see whether the measurement is correctly taken, and shall give to the shipper or the owner, agent or master of a vessel a certificate of the measurement so found and write thereon the words "Protested Certificate, Fee paid Rs ..." and the sum so paid. The Measurer shall immediately thereafter forward to the Secretary a statement of the case together with the amount of the Fee received.

Provided that on any of the stations where more than one Measurer is employed, the Measurer whose measurements are disputed shall, immediately after receiving the protest and fee, call another Measurer who shall make the measurement in the manner above laid down, shall issue the "Protested Certificate" and forward the necessary statement to the Secretary.

(23) Should a shipper demand remeasurement under Order 22, and should such remeasurement, in the opinion of the Secretary, show the original measurement not to have been substantially correct, the extra fee of annas 2 per package shall be refunded to the shipper on demand and the case reported to the Committee.

(24) Every Measurer shall receive a book of temporary measurement slips together with indelible pencil and carbon paper for making such slips in triplicate. The Measurer will retain the first copy and from it write up his certificates; the second copy he will hand the shippers at the time of measurement, and the third to the ship agent's representative on demand.

Provided that when goods are shipped in boats for delivery alongside, the said third copy, belonging to the ship's agent, shall be handed to the boatman from whom it should be obtained by the ship's officers.

(25) One Measurer shall attend in each chowki at 10-30 A.M. for issue of the certificates relating to measurements made on the previous day. Provided that some discretion as to the exact hour of attendance for the purpose stated may be exercised by Measurers on stations where the state of the tide greatly affects the work. Certificates not claimed on the day succeeding measurement shall be preserved for one week and shall then be destroyed by the Measurer personally. Thereafter a certificate can be obtained only on application to the Secretary with the customary fee of Re. 1 for a duplicate certificate.
